CARECAR®

You will create your own user name and password during registration which can be used for updating software in your scanner in future.

Please select [**Product user**] in User Type during product registration and click [**Confirm**] after you fill in the information. A pop-up message will appear to inform registration is successful.

Login with [**Username**] and [**Password**] you created when you register as product user to enter [**Member Center**] and download software.

Thanks for your time!

If you have any questions, please feel free to contact us.
